

CRANE TRUCKS

Delivery / Install / Pick up

- » Design the most effective crane truck for your business using Westmor's in-house engineers.
- » Improve ergonomics, safety and reduce operating costs with our user-friendly designs.
- » Aluminum, steel or stainless steel options.
- » Choose from stick-boom or knuckle-boom cranes.
- » Call our customer service experts anytime you have a question about your crane truck.

01/ BODY

Choose from a variety of body designs and materials.

02/ CRANE

Stick-boom cranes from a variety of crane manufacturers.

03/ BOOM EXTENSIONS

Extension lengths up to 30 feet.

04/ CONTROLS

Wired pendant with proportional controls (wireless controls available).

05/ OUTRIGGERS

Hydraulic-out and hydraulic-down outriggers with options for other configurations.

06/ HYDRAULICS

Engineered hydraulic systems with proportional controls for safer operation.

07/ BLOCK BOX

Heavy duty block box available in multiple configurations.

08/ STORAGE CABINETS

Cabinets available on roadside or curbside in various configurations.

09/ ORGANIZATION

Shelving, drawer packs and cabinet lighting is customizable to suit your needs.

10/ LED LIGHTING

LED lighting makes your vehicle more visible and requires less maintenance than incandescent lighting.

CRANE TRUCK OPTIONS
